Photographer: David Clic | Words: Neale McGeever

Hi Cemoné, welcome to Elite! Tell us how would you describe your style? My style changes weekly, literally can never stick to one style but I love short shorts! But who doesn't, right?

What was it like to work with the photographer on this shoot? I worked with David Clic who I have worked with for a couple of years now , he's a awesome photographer and always makes me feel comfortable even naked haha! We come up with great ideas together so yeah he's ace.

What was your favourite part of the shoot? The Nutella scene, got to eat melted chocolate while naked, do I have to say anymore? Haha.

Outside of modelling, do you have any other passions? Surprisingly I actually love history, I am a bit of a geek to be honest.

If you could be one person for the day, who would you be and why? Strangely, Justin Bieber. I would just sit there checking myself out all day.

If you could be in charge of Elite for one week, what would you do? Have my face everywhere duh!

If you could be a superhero, who would you be and why? Catwomen, wait was she a superhero? I don't know but she's hot and bad ass as fuck.

Where's the worst place you've been? I'm going to take it as a good thing that I don't actually know... wait actually probably in the back of a police van when I was younger , I was a little bugger.

What's your favourite film? V for Vendetta. I could watch it 1000 times and not get bored of it, actually I probably have haha.

BOOBS

Do you have any crazy phobias? I constantly have to wash my hands when I touch things, rather annoying and not very crazy I guess.

So how can a guy impress you? Always the obvious one but when a guy can make me laugh and remember small things about our conversations, I always find that super cute.

What is the naughtiest thing you do? I have a pretty big and expanding bondage collection, I love tying guys up and taking all control.

What's a guaranteed turn on for you? Neck kissing! Damn that gets me every time.

What's your favourite fancy dress outfit? My bunny outfit, I wore it on my 18th so it's more that reason than anything.

Finally, is there anything you would like to say to the Elite readers? Don't get too excited , mwah xo

out Eve

Hi Eve, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry: I'm from Newcastle, living in the south. I drink way too much tea and spend a lot of time with my head up in the clouds. I've only been shooting seriously for a couple of months and it's going really well, social media and word of mouth work wonders.

How would you describe your style? Depends on my mood which is normally dictated by the British weather. I can dress like a hobo one day and really girly the next.

What was it like to work with Brend on this shoot? We got on quite well from the get go, so we were really comfortable with each other.

What was your favourite part of the shoot? Unintentionally flashing the photographers neighbours, they loved it. I'm a bit of an exhibitionist.

**WHAT'S A
GUARANTEED TURN
ON FOR YOU? GUYS
WITH DARK HAIR,
BLUE EYES AND NICE
TEETH.**

Outside of modelling, do you have any other passions? I game quite a lot (PS4 > Xbox) and collect Cat Woman comics; I wish I was Selina Kyle.

So how can a guy impress you? Be yourself, make me smile and don't have a huge ego.

What is the naughtiest thing you do? That would be telling and where's the fun in that.

Do you have any tattoos or piercings? 11 piercings and teeny tiny tattoos... I wish I had more though, I love them but I'm so indecisive.

Are you a high heels or trainers girl? Trainers, always.

Words: Neale McGeever

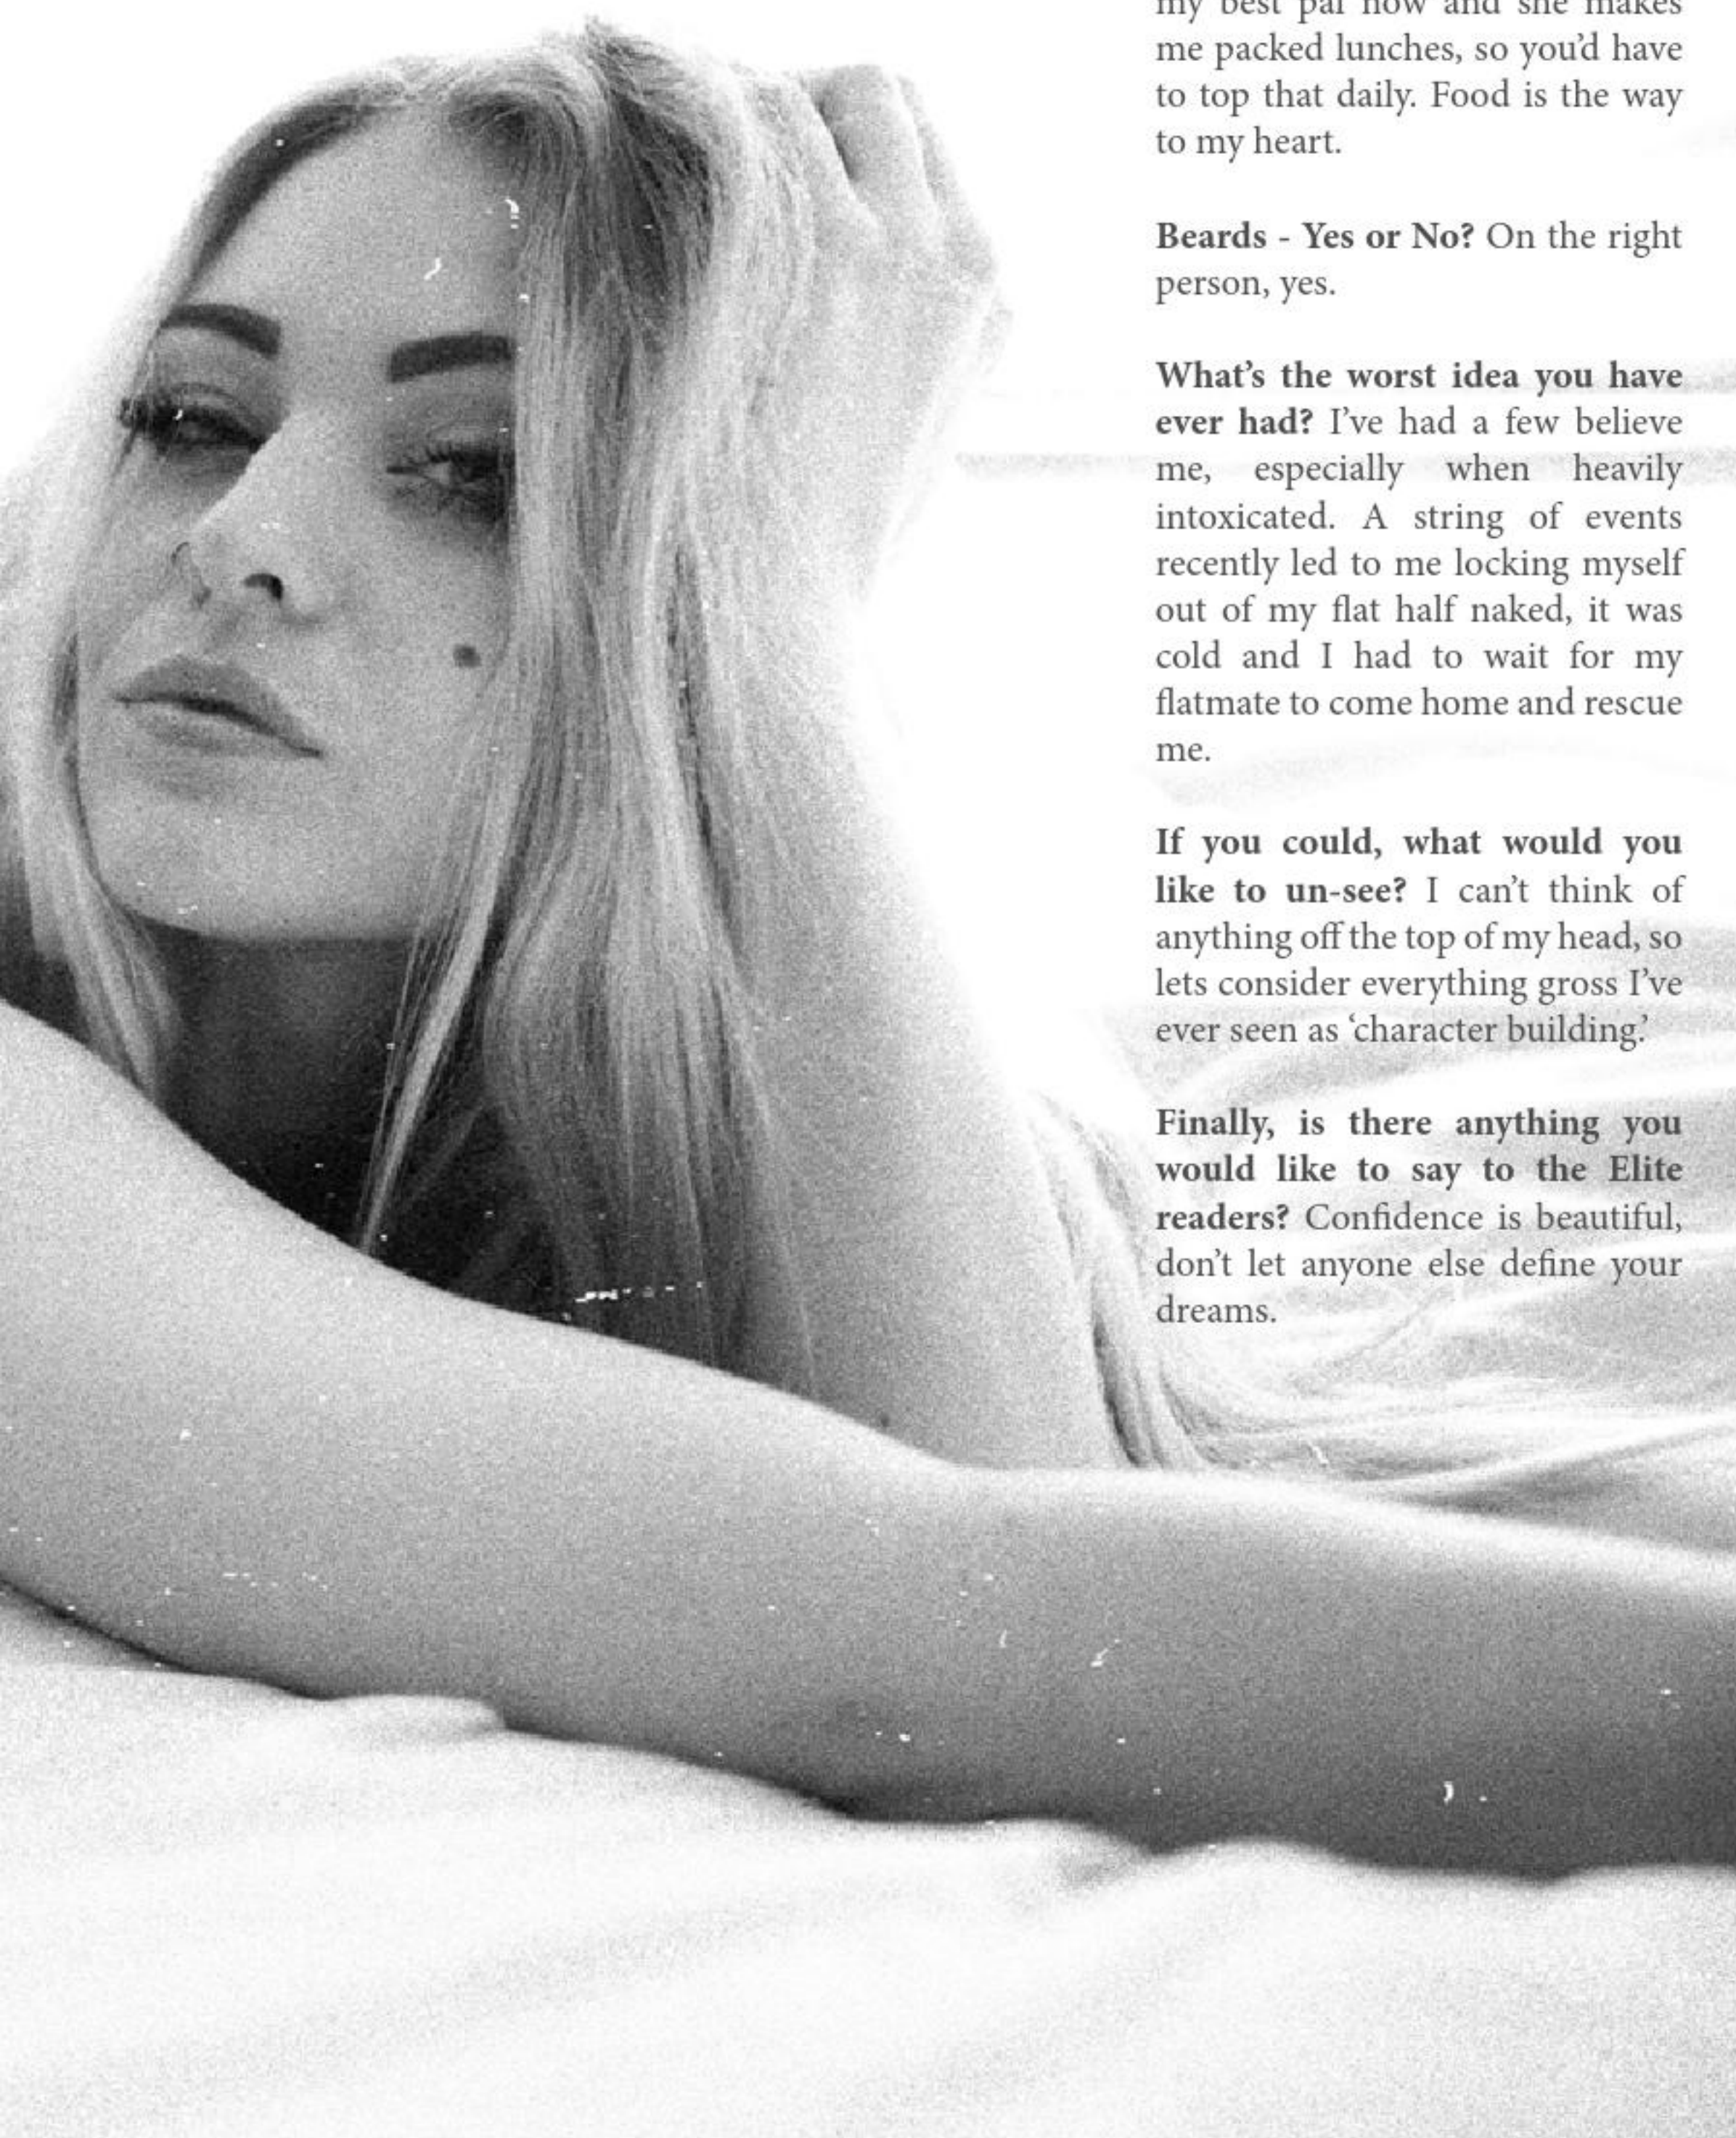

SUPERIOR BELIEF

Photographer: Brend Trend | Words: Neale McGeever

Who would be your ideal housemate? Ryan Gosling... Although in all honesty I live with my best pal now and she makes me packed lunches, so you'd have to top that daily. Food is the way to my heart.

Beards - Yes or No? On the right person, yes.

What's the worst idea you have ever had? I've had a few believe me, especially when heavily intoxicated. A string of events recently led to me locking myself out of my flat half naked, it was cold and I had to wait for my flatmate to come home and rescue me.

If you could, what would you like to un-see? I can't think of anything off the top of my head, so lets consider everything gross I've ever seen as 'character building.'

Finally, is there anything you would like to say to the Elite readers? Confidence is beautiful, don't let anyone else define your dreams.

EZRA

SHE'S EXCEEDLING GOOD

Photographer: Toria Brightside | Words: Neale McGeever

Photographer: Toria Brightside | Words: Neale McGeever

Hi Ezra, so tell us how did you get in to modelling? Other than doing the standard catalogue shoots as a child, I've found modelling to be a good platform for my creative endeavors. A girl very close to me, Miss Toria Brightside was studying for her photography degree and approached me at a halls party, asking if she could use my moonface... It literally began in those college studios.

What (or who) inspired you to get in to the industry? I wouldn't say a particular person per say; it's more the drive to stay out of normal, everyday jobs and work creatively. I feel that working this way gives you more ownership of the little bit of the world that is yours. Continuing on Brightside, this girl has made a lot of things happen for me within this industry. She worked hard elevating my writing and styling presence, and from that I've worked for

London Tattoo Convention, London Fashion Week, and helped on the stage management of City Fashion Week in Leeds.

Would you recommend the agency that represents you? Most definitely, VauHaus are a boutique and I feel this captures some real good 'across the board' unique faces. This variety is appropriate for the clientele – an ever innovative, ever changing mix of youthful designers and brands.

What makes Vauhaus different to other agencies? The boutique style approach, and the dedication to elevating the models. Also the personal support we all receive from our manager, she works hard to make sure we are feeling good and doing things we love... that's hugely rare and much appreciated in this industry.

Which other girls from Vauhaus should we look out for? Vivi Sterling, no doubt you've seen her.

You are also a 'peace graduate' what did that involve? I studied my degree in Conflict Analysis and Resolution, broken down it's a combination of IR and mediation. It was a heavy degree, and involved a lot of sleepless nights reading, but I couldn't have chosen a degree better for me... I'm eager to get back to the books. I'm saving for my masters. In an idealistic land, I'm working toward combining my creativity with helping/elevating others.

Do you think modelling and fashion could play a bigger part in achieving peace? I think the volume of attention the fashion and modelling industries get leads the people to hold a more mainstream following (to most) than any real insights to conflict resolution currently in the world. Given that scope, it certainly carries the potential to raise awareness on particular issues surrounding peace.

You are also a fashion writer, who have you written for? I'm regularly interviewed to forecast up and coming styles and trends. WGSN who partner with Vogue have approached me in the past to forecast up and coming styles, which was hugely flattering. I have also covered the events that I mentioned previously, writing for international magazines such as C Heads. And, I also write a blog; northerndoll.tumblr.com.

As an authority on fashion, tell us a typical Ezra outfit? I'm known for my love of all things 'tropical,' and that in a nutshell means I like to make my outfits as jazzy as possible without looking like a bric-a-brac stall. I am currently loving a mix of business and jungle chic, so my daily outfits are consisting of 90's inspired print trousers (the bigger and baggier, the better!) and simple crop tops, blazers, and a good handful accessories! I believe owning a good pair of shades makes everything easier to vibe, a fierce cat eye is my choice.

What you recommend for guys and girls reading this for next season? Keep a firm hold of your individuality, rock it, and don't be swept into the buy-fast-because-its-summer frenzy. A select few quality pieces will see you through in style, rushed bits for quick fixes will make you look as throwaway as the items themselves.

What is the biggest fashion faux pas at the moment? My biggest fashion faux pas is unfortunately crazy coloured hair. I'm just oh so over it. You have a whole body to dress to indicate and invent your personal taste and style with... having a peroxide frizz on your head that you have to constantly top up with patchy colour is just a huge no no!

Who is your style icon? I look to a lot of old school babes for my style inspiration, working in vintage fashion no doubt sways that! With how transformative style is, I prefer a classic look. You can manipulate the rest to current trends if you have a good, definitive base style.

What would you say is your best feature? Everybody tells me my big blues... they're rather extra-terrestrial and have pinched me a wealth of work in the past.

Who is your celebrity crush? Virni Lisi, an Italian actress. The first time I came across this beautiful lady, I was literally picking up my jaw from the floor.. ageing it would seem has made Lisi blossom into an extraordinary beauty. I am literally blown away every time I see her.

What makes the perfect night out? I'm more about the perfect night in I'm afraid! I'm busy all of the time, so any opportunity to relax and hang out with my friends is always appreciated! A good 80's film, tasty food and some comfy snugs! (Lame, I know...)

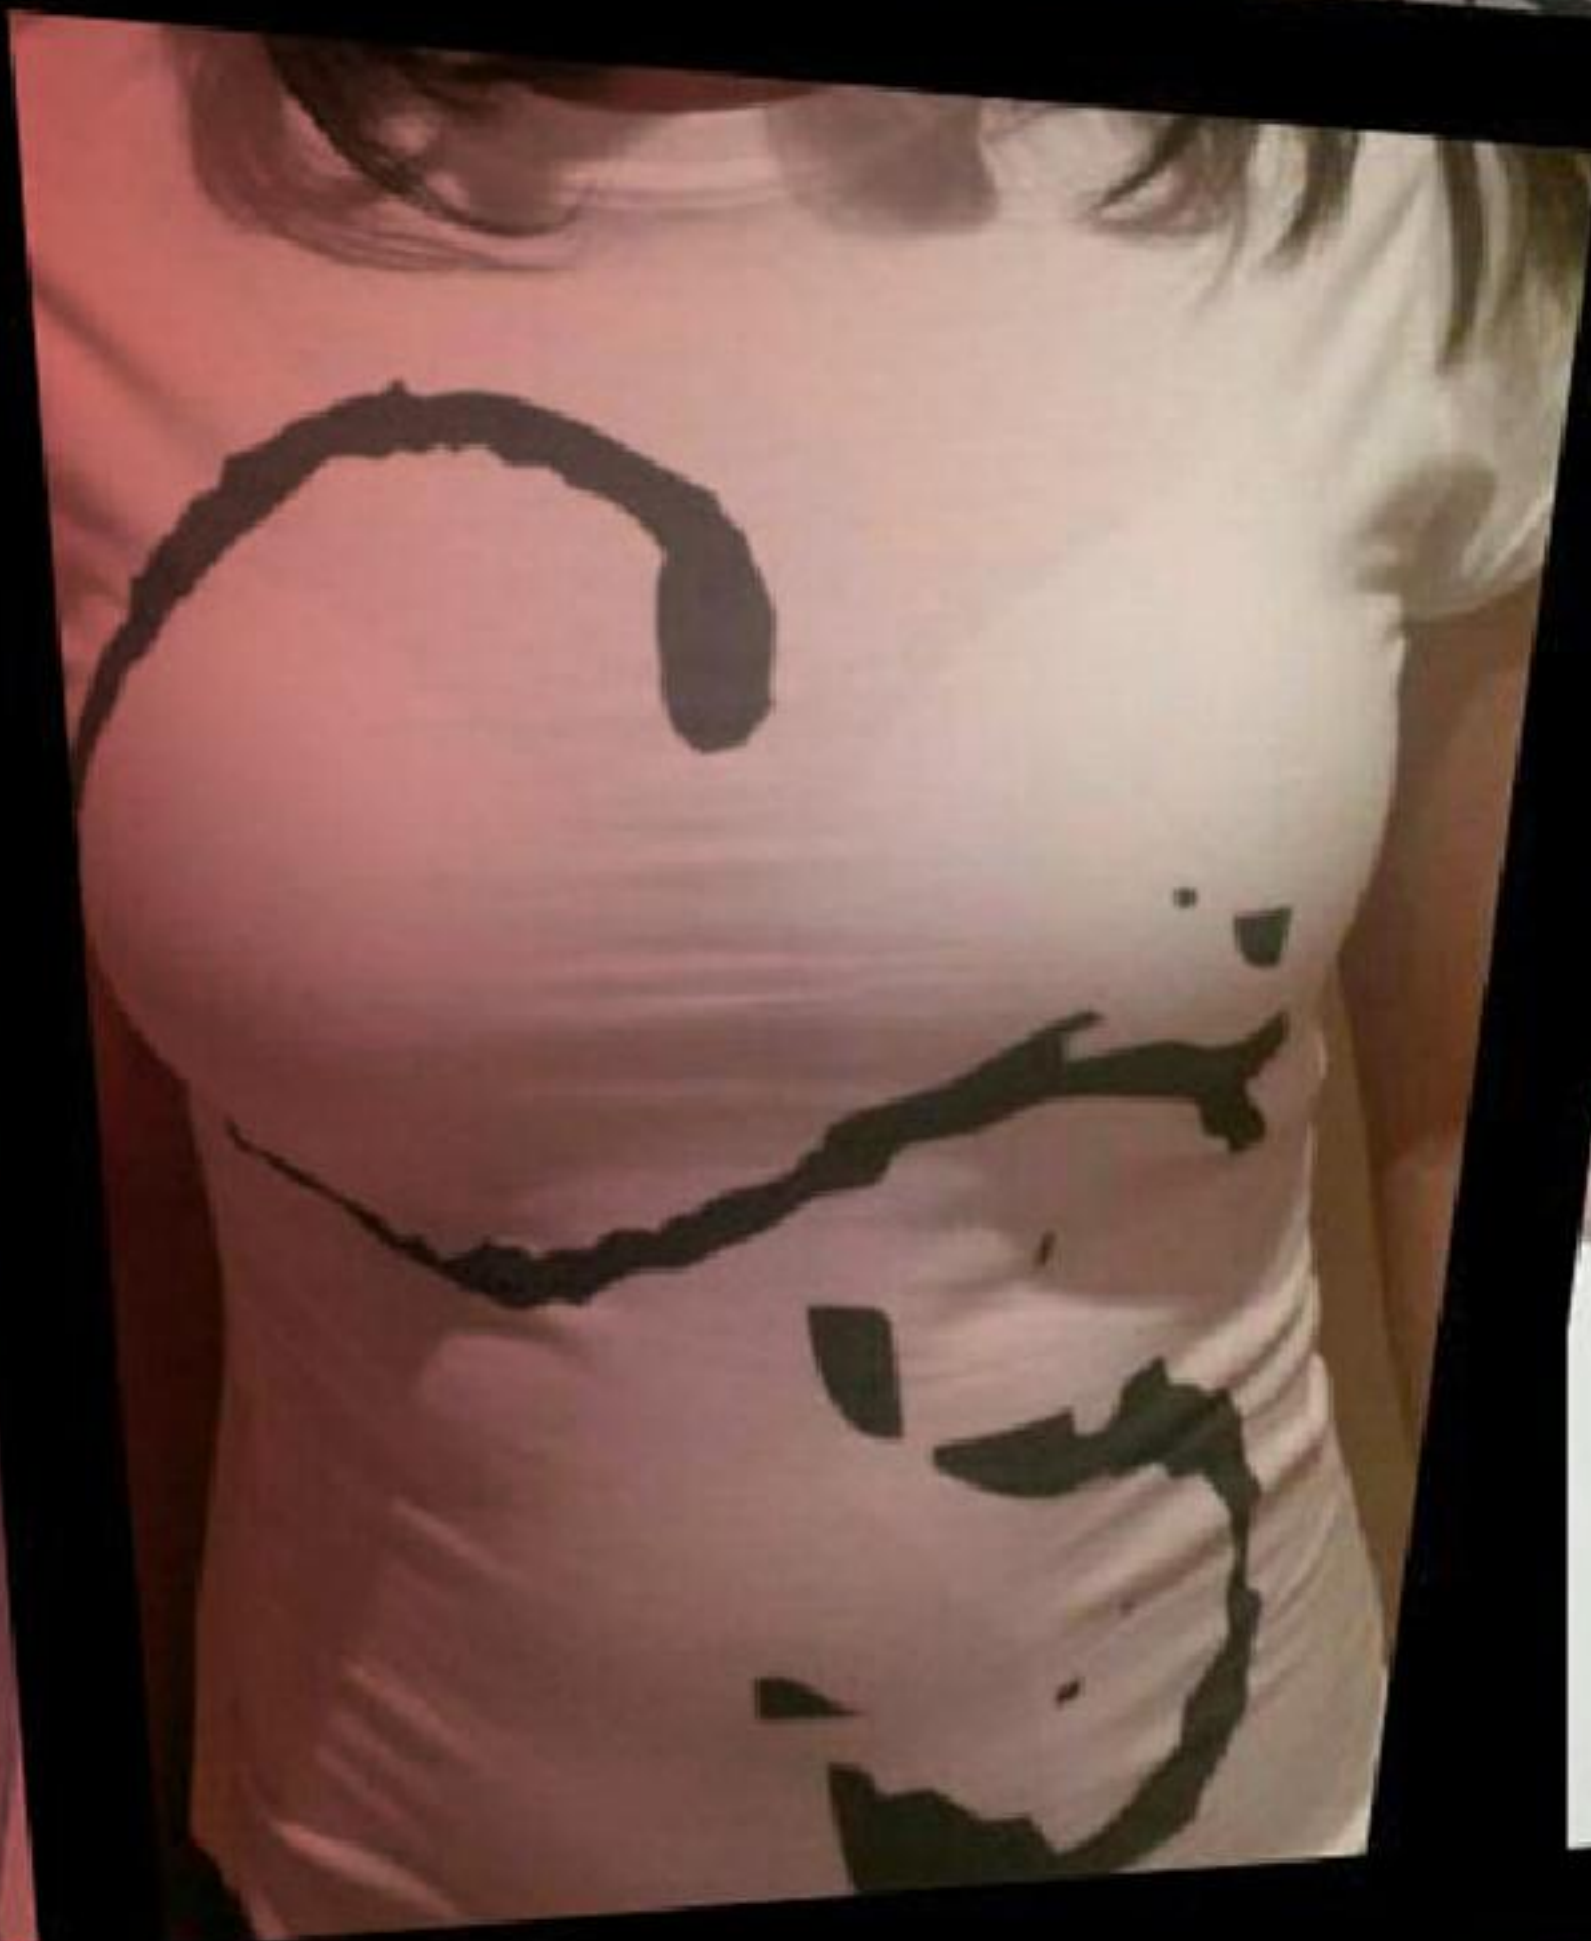

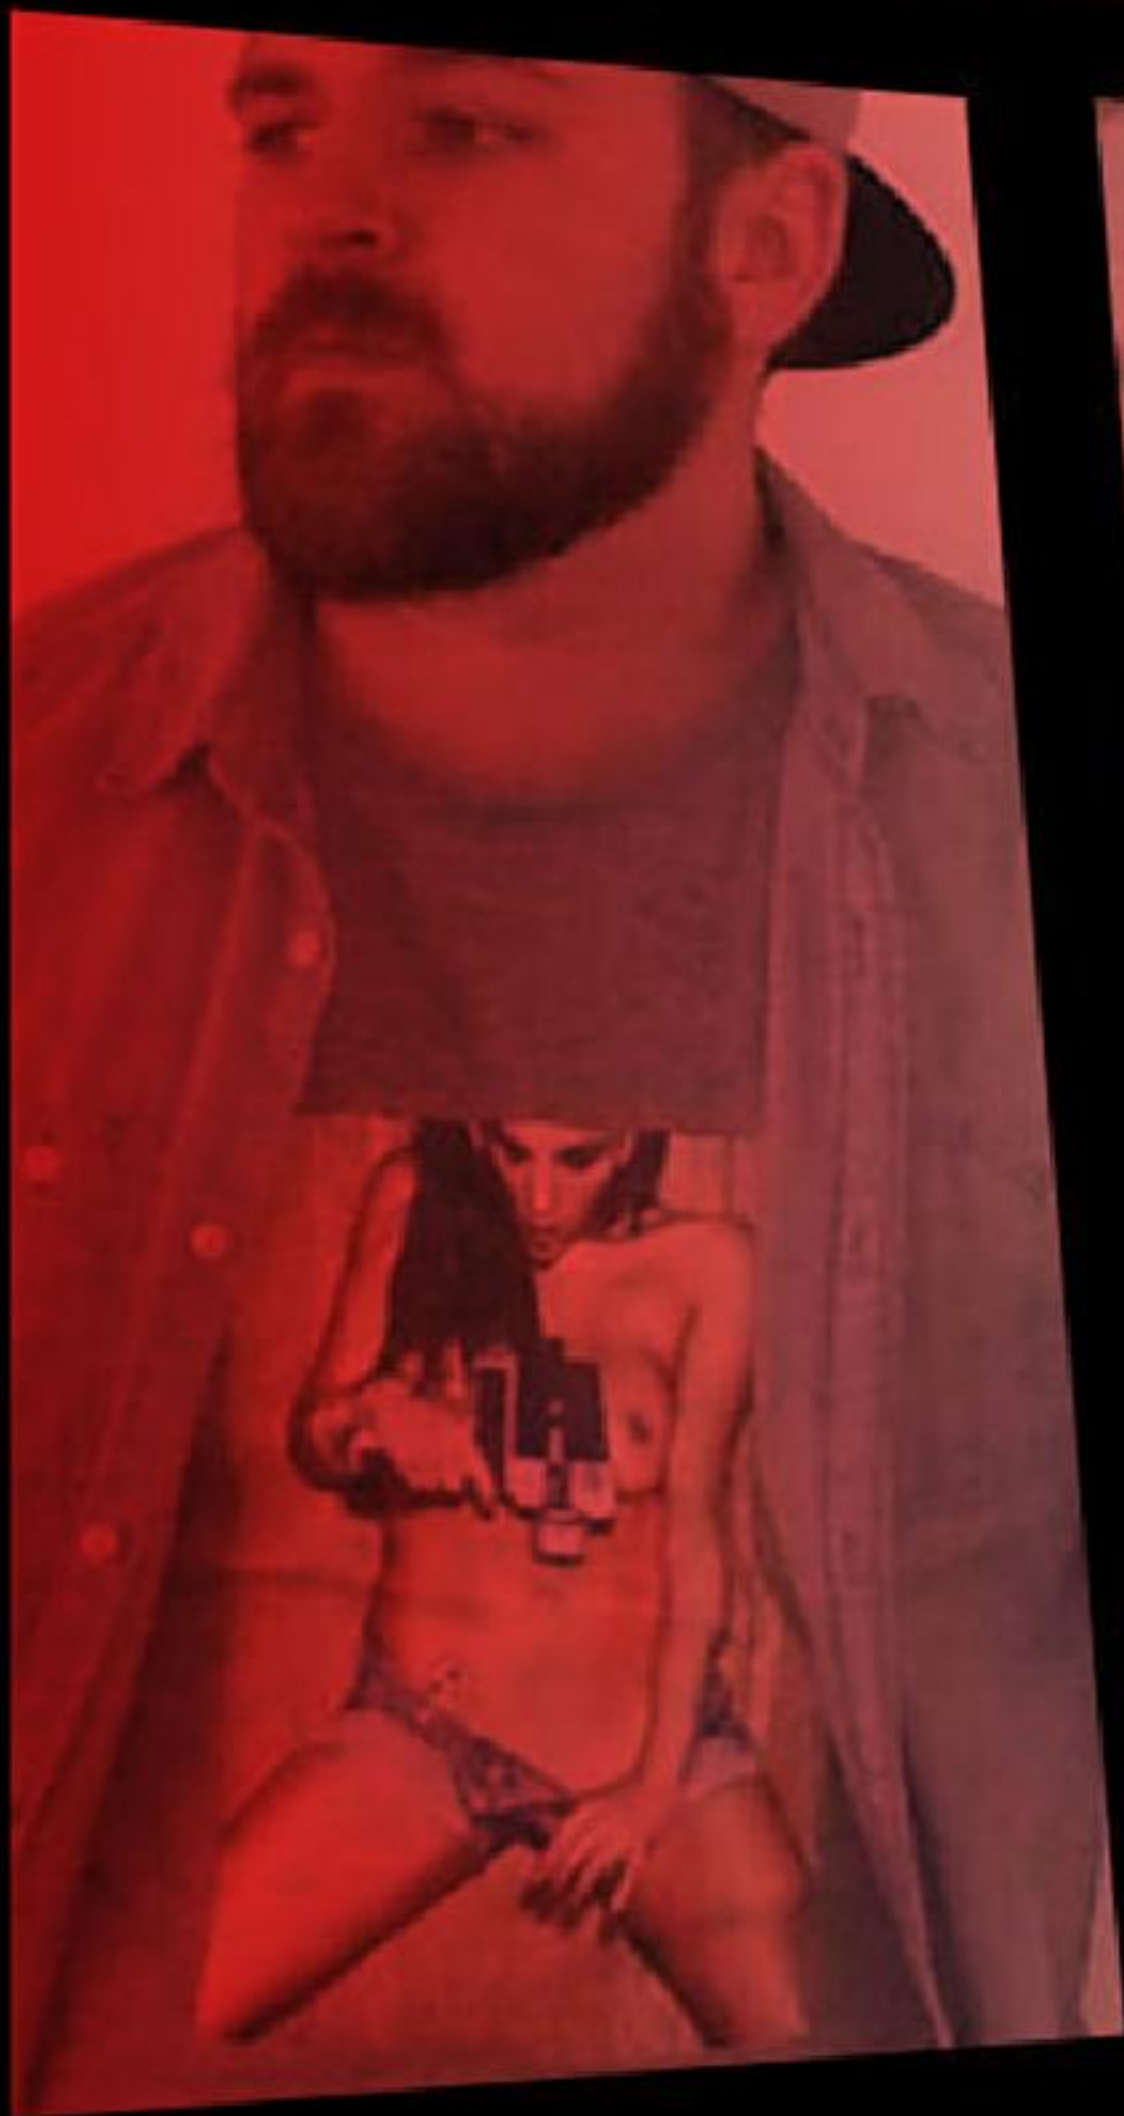

Do you have any hidden talents we don't know about? They wouldn't be hidden if you did... ;) Maybe I'll explain more later.

What advice would you give to those out there who want to become a model, or even a fashion writer? Stop worrying about yourself and what others think of you. Fuck 'em. Seriously, if you don't think you're good enough, nobody else will. Make contacts, speak to everybody, fire out those confident emails and let people know you wanna work! If you're a stranger to hard work you will find it extremely hard to work in this industry, its for those who live in the fast lane! Thank you very much for this opportunity, Ezra Tren.

The inked queen is back... Lusy Logan

Photographer: Jack Russell

Hi Lusy, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry: I'm an internationally published tattoo model and tattoo magazine cover girl. A huge animal lover, roller coaster junkie and Disney Villain obsessed. I started modelling to improve my self confidence and ended up getting addicted to the creativity of it all.

How would you describe your style?
Half and half. One half is elegant, girly and colourful. The other half is dark, witchy and gothic.

**WHAT IS THE NAUGHTIEST
THING YOU DO? I STRUT
AROUND NAKED A LOT
AND I HAVE A RAPIER WIT.**

What was it like to work with the photographer on this shoot? Working with Jack was a lot of fun! He unleashed my inner page 3 girl and captured some amazing shots. It was great to try something new that I hadn't done before.

Outside of modelling, do you have any other passions? Pretty much all I do I horse riding, going to the zoo and theme parks!

So how can a guy impress you? Give some respect.

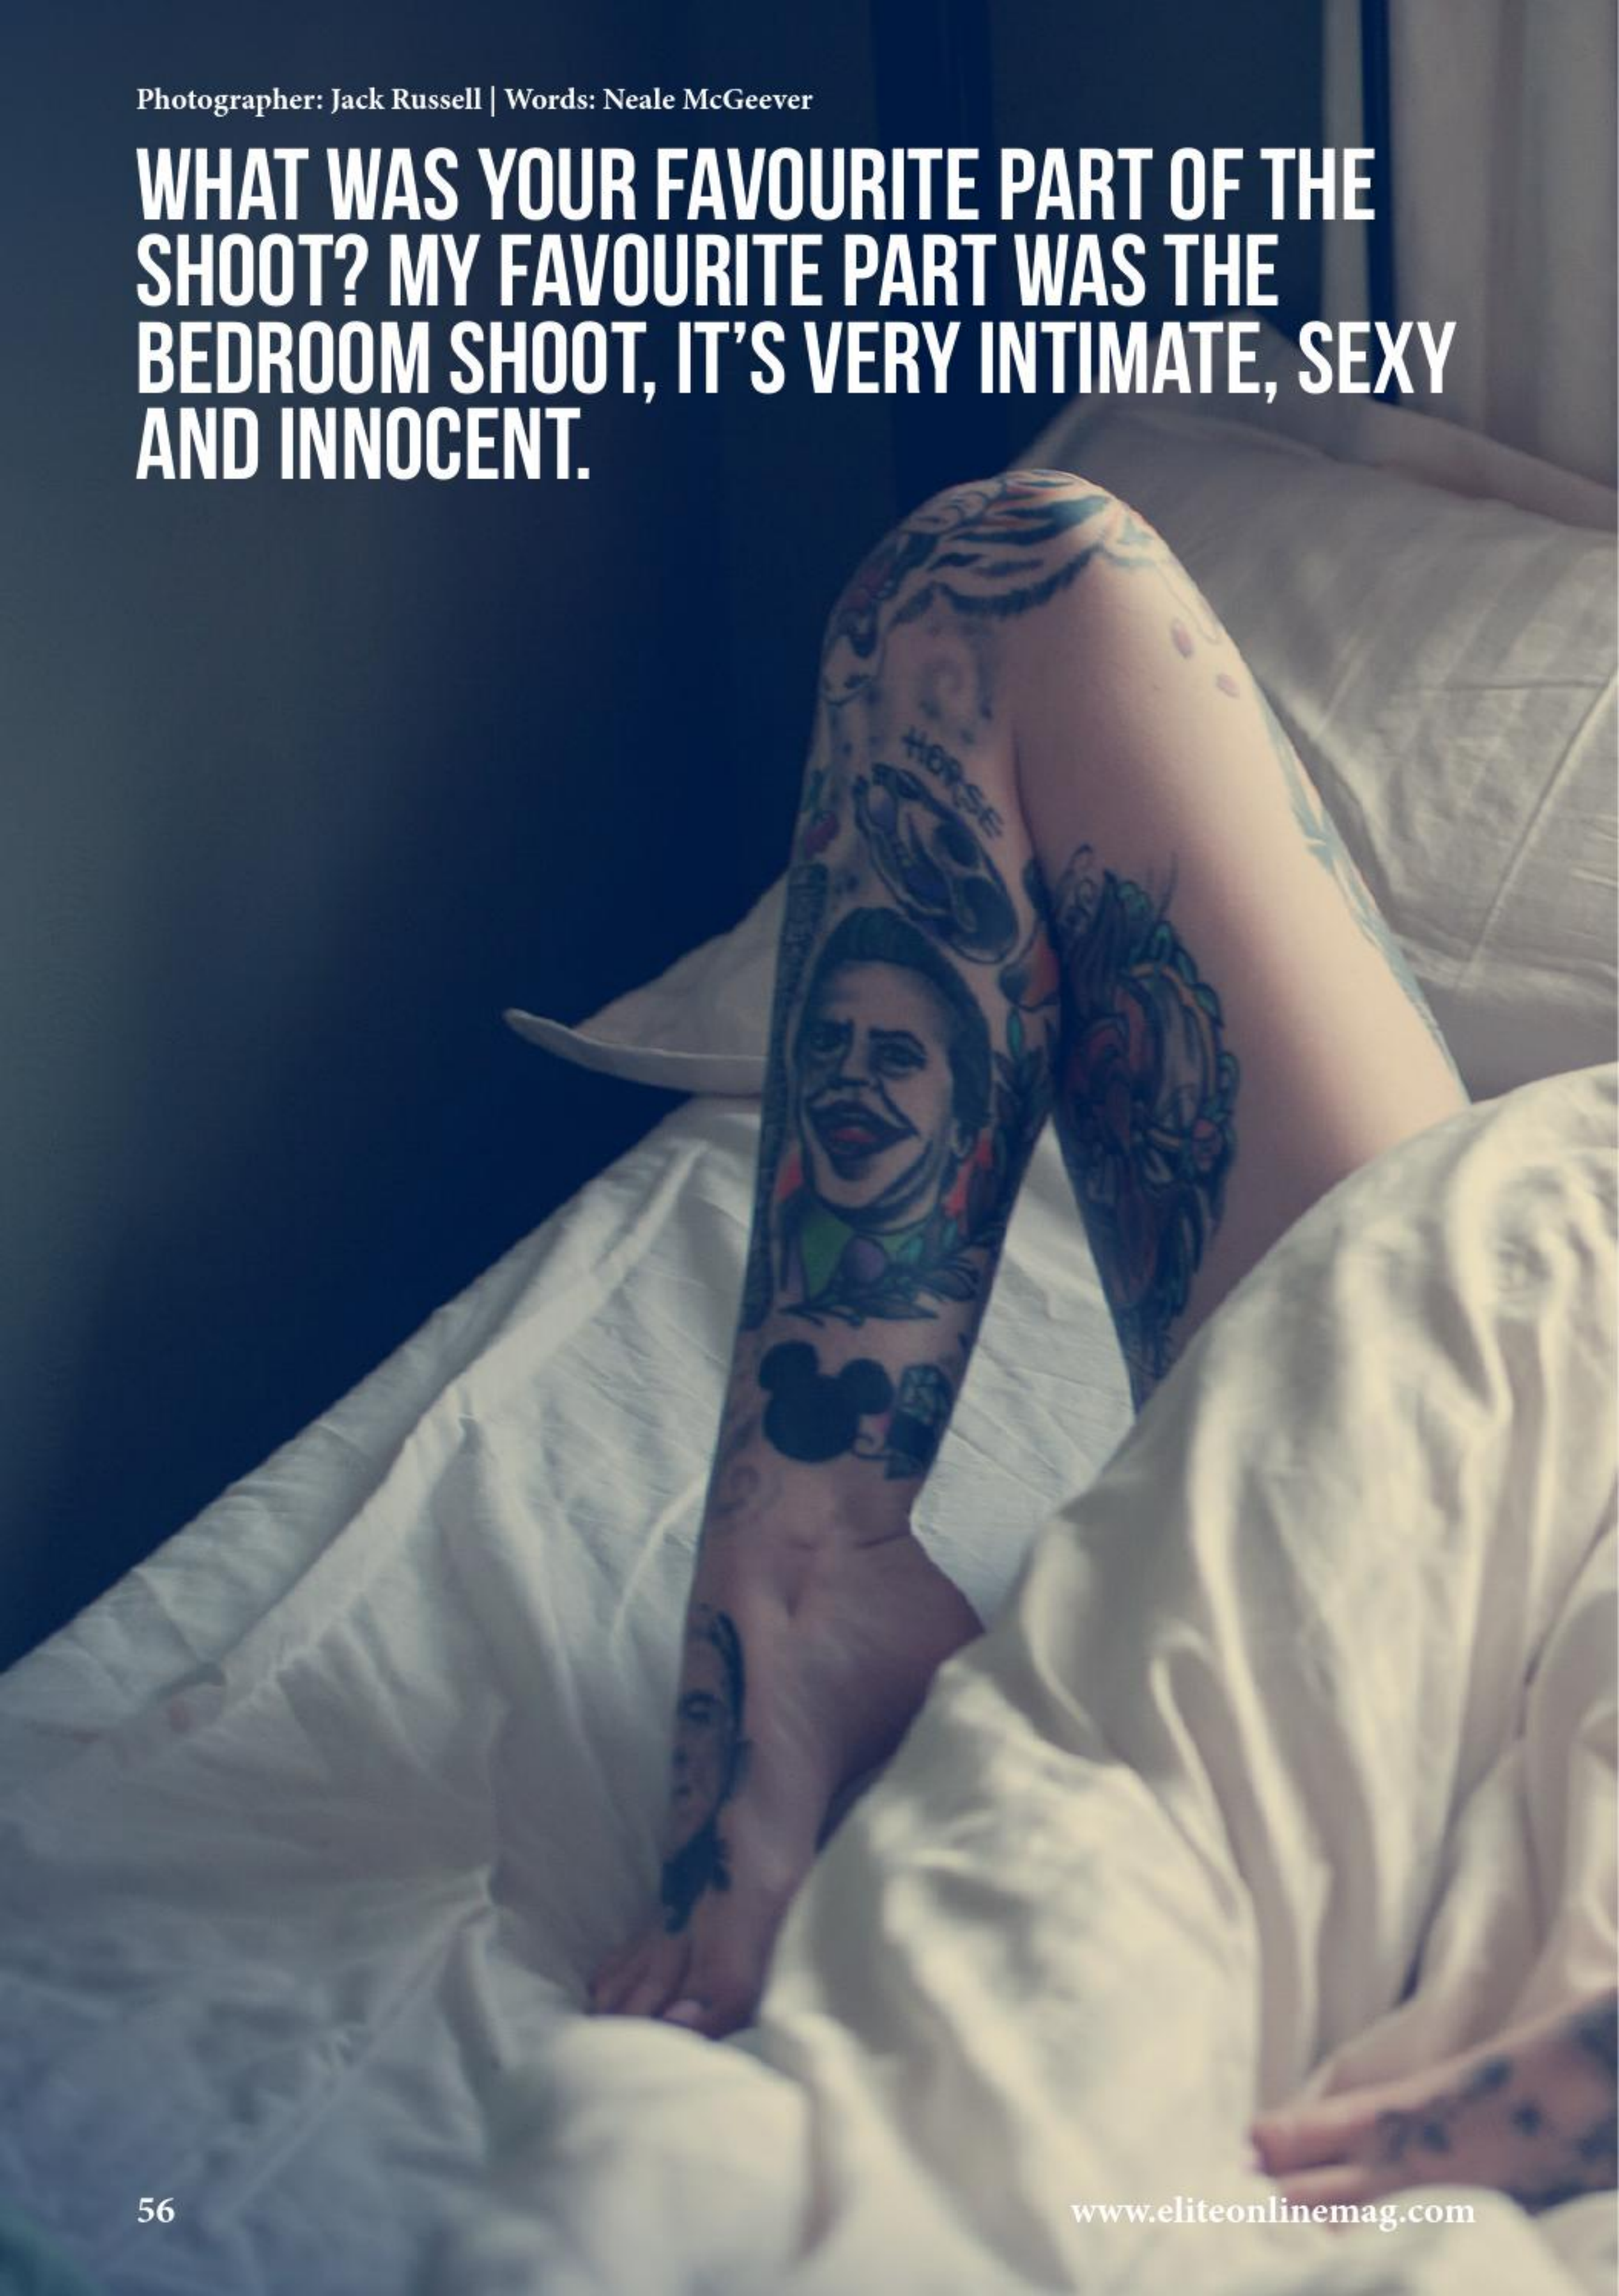

If you could have one superpower, what would it be? Probably mind control.

If you could pick one celebrity to put on a stranded island to never be seen again, who would it be? Peter Andre, no one gives a flying fuck about him yet he's everywhere and on every channel plus we wouldn't have to suffer his awful 'music' anymore!

Photographer: Jack Russell | Words: Neale McGeever

WHAT WAS YOUR FAVOURITE PART OF THE SHOOT? MY FAVOURITE PART WAS THE BEDROOM SHOOT, IT'S VERY INTIMATE, SEXY AND INNOCENT.

What's your favourite rude word? Buttfuck.

What's the worst idea you have ever had? Dating someone who wasn't my usual 'type' big mistake!

Tell us something about you that people won't know: I have a huge obsession/addiction with collecting Marilyn Monroe memorabilia since I was 8. I read a lot of her biographies and can relate with her life behind the scenes and off camera.

What would be your ideal night out? A good club, good friends and just to get smashed!

What's your favourite chat up line of all time? Did you just fart? because you blew me away!

Finally, is there anything you would like to say to the Elite readers? I hope you've enjoyed this feature and come see me at this years London Tattoo Convention in September!

RIAE

Hi Riae, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry: Hi, I'm Riae, I have been an Italian alternative model since 2007. I started to pose for Suicide Girls and now I'm a full-time freelance model.

How would you describe your style? I do not know how to describe my style because I wear what I like most at that time (and the clean clothes that I find in my wardrobe) . I like to have a varied wardrobe, so I can switch very sporty clothes (I love Nike shoes, the basketball outfits and socks) to dress like a good girl.

What was it like to work with the photographer on this shoot? I often work with the photographer of the cover, he can always figure out what I want and has a lot of patience with me... he is my boyfriend so that does help too :)

How does it feel to be on the cover of Elite? I'm really happy because Elite always publishes wonderful girls on the cover, so for me to be on it is a real honour !

Photographer: Massimo Vignozzi | Words: Neale McGeever

**I'M REALLY HAPPY
BECAUSE ELITE ALWAYS
PUBLISHES WONDERFUL
GIRLS ON THE COVER,
SO FOR ME TO BE ON IT
IS A REAL HONOUR!**

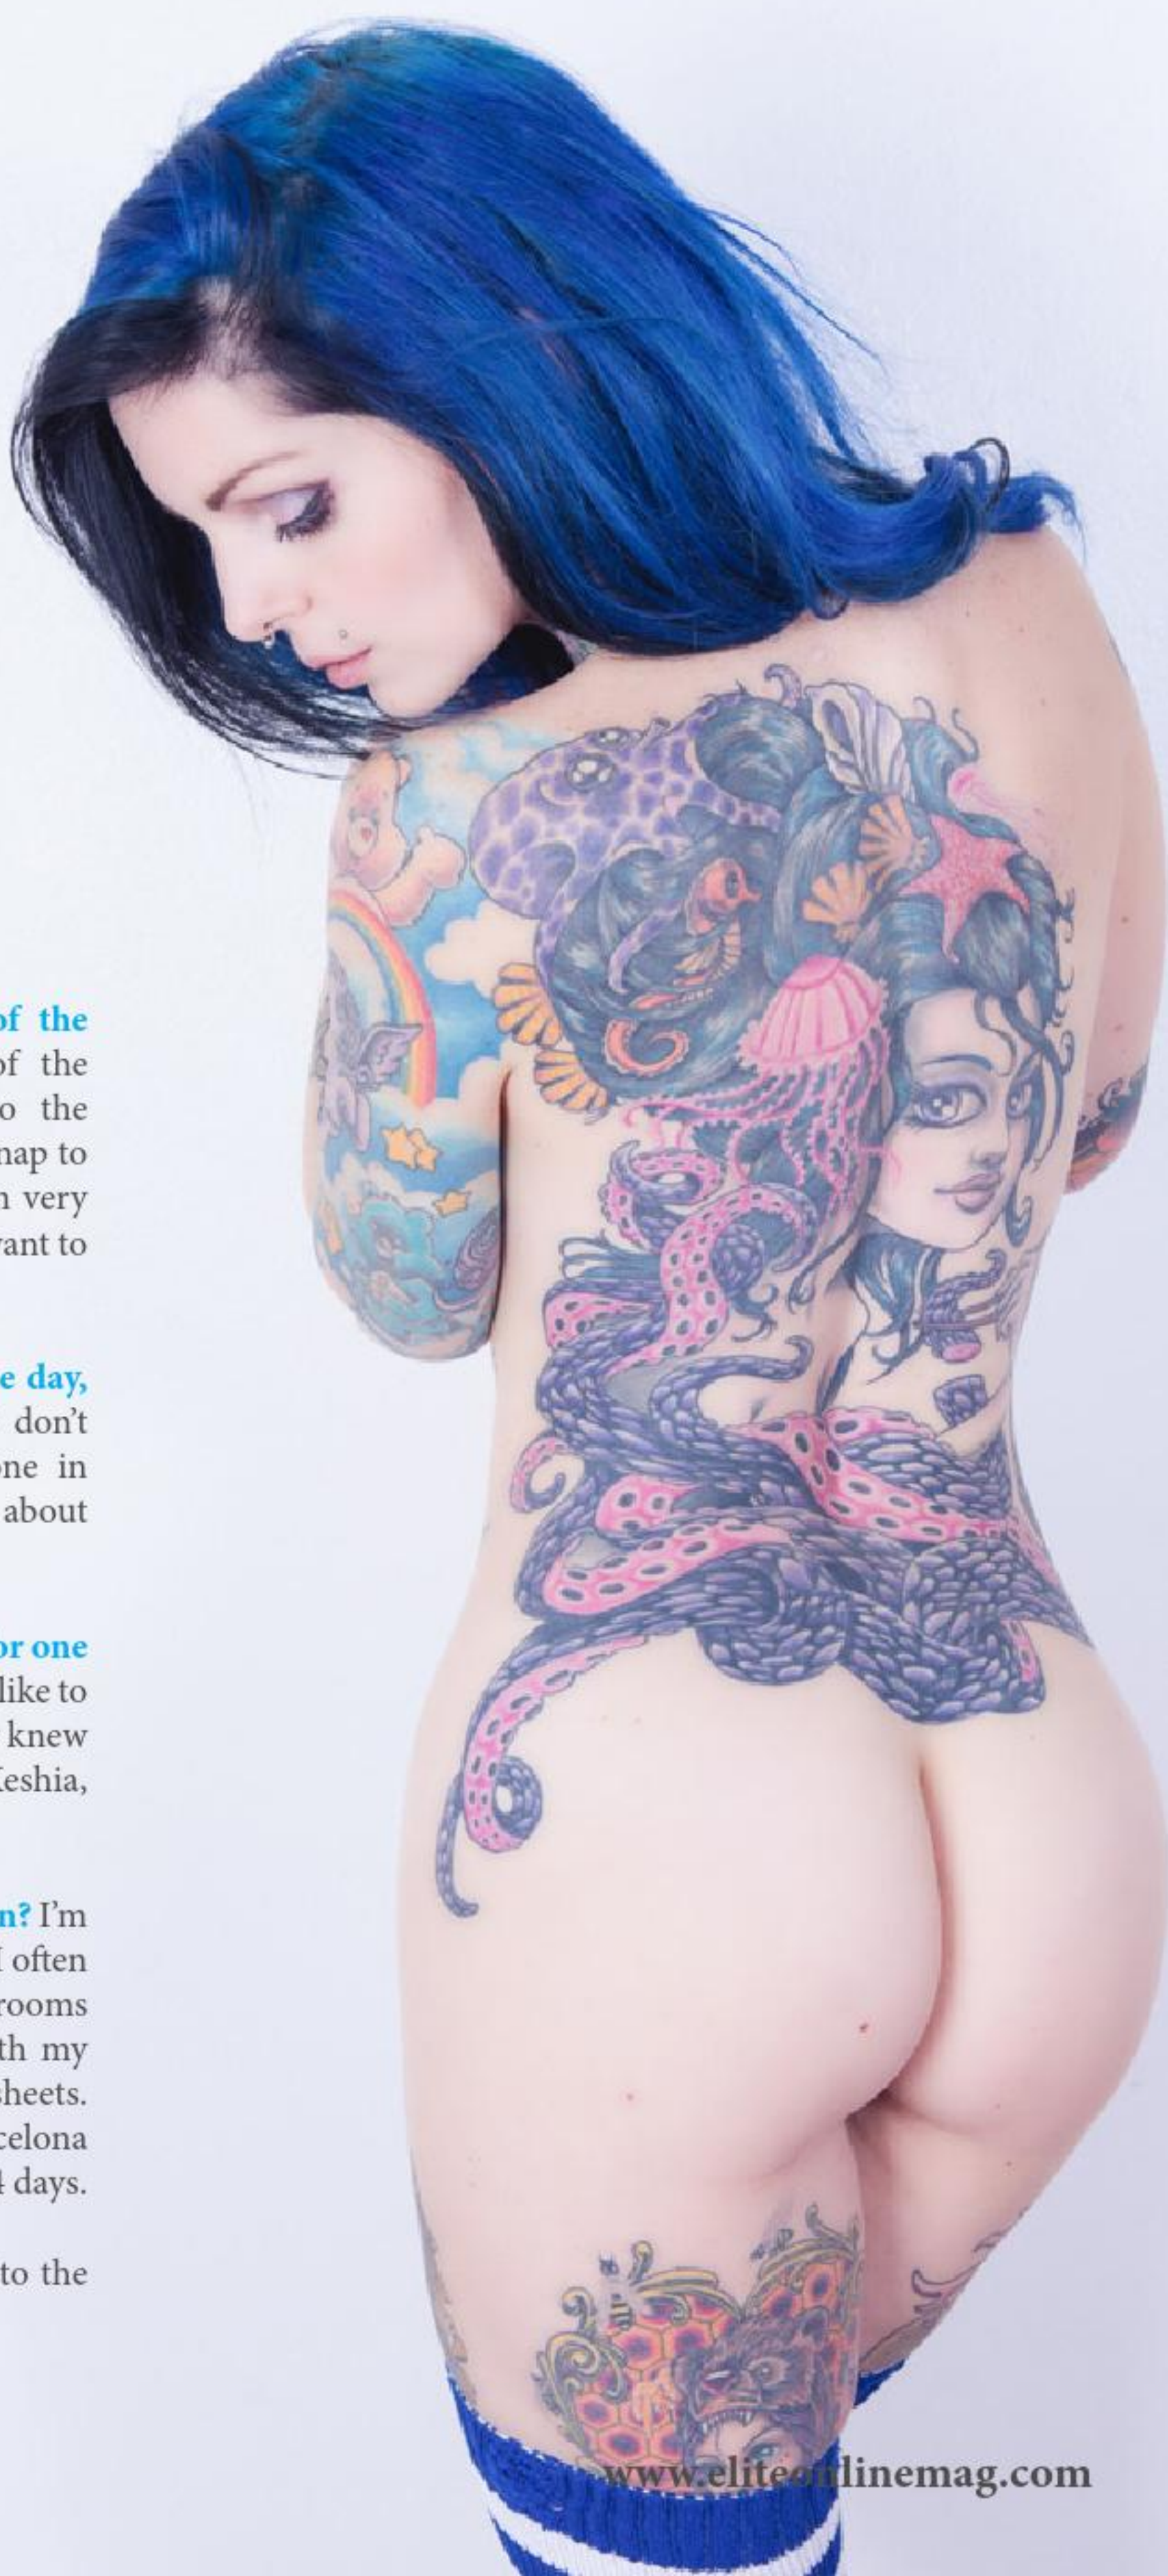

What was your favourite part of the shoot? I loved every moment of the shoot, from the choice of clothes to the make up part... and from the first snap to the last I enjoyed it very much. I'm very picky then every 10 shots I always want to check out the photos taken.

If you could be one person for the day, who would you be and why? I don't know, maybe a billionaire, not one in particular, to satisfy all my desires about things that I can buy.

If you could be in charge of Elite for one week, what would you do? I would like to know all the great models, I already knew the beautiful Rebecca Crow and Keshia, but I want to know them all!

Where's the worst place you've been? I'm a model and then I travel a lot and I often find myself sleeping in the worst rooms in the B&B. Sometimes I sleep with my clothes on to avoid touching the sheets. I remember that in a hostel in Barcelona there were bed fleas that bit me for 4 days.

What's your favourite film? Back to the Future 2.

**WHAT IS THE
NAUGHTIEST THING
YOU DO?** I'M A GOOD
GIRL, I DO NOT DO
NAUGHTY THINGS.
BUT I MUST ADMIT
THAT SOMETIMES
I DO A BAD THING,
THE PUBLIC SCREEN
SHOOT MANIACS

BOOBS

Do you have any crazy phobias?

I have a phobia of masks, mimes and clown. I am terrified of people wearing masks because I can not see their face and their expression.

So how can a guy impress you?

I love the men who make me laugh. I say I have the 'Jessica Rabbit's syndrome' because like she, I like men who are funny, as physical appearance does not matter to me. Of course, then the man must also be sweet but not too much.

What's your favourite fancy dress outfit?

I love the costumes from Sailor Moon and manga/hentai in general. Unfortunately I'm not a cosplayer, but in private I love to wear outfits that evoke manga characters.

Finally, is there anything you would like to say to the Elite readers?

I hope you enjoy the new photos and interview. Kisses.

Hi Estrany, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry: Hello! How would you describe your style? It depends but usually an all black funeral outfit makes me happy.

What was it like to work with Dekker on this shoot? Fun and productive! I really enjoyed it.

What was your favourite part of the shoot? Eating chocolate Haha!

Outside of modelling, do you have any other passions? I like to read and work out.

If you could be one person for the day, who would you be and why? A C.S.I. investigator, just to know how it feels.

If you could be in charge of Elite for one week, what would you do? I would feature some androgynous girls as well :P

Photographer: Dekker | Words: Neale McGeever

Do you have any crazy phobias? I think Noscomephobia. I was about to cry last time I was in a hospital haha.

HANNAH DAISY

Hi Hannah, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry: Thanks for having me back! I would say I'm pretty quiet, I keep myself to myself...UNTIL I KNOW YOU! Then I'm quite outspoken and super silly! I've been involved in shoots for a few years, but it wasn't really until I moved to London, around 3-4 months ago that I really started! I also perform, I dance burlesque and I'm training myself to contort, I like to keep myself busy as I don't really know many people around here yet!

How would you describe your style? My wardrobe is so monochrome, I look really out of place in anything brightly coloured! I love pairing vintage finds with really simple pieces, and recently I've been getting into prints. To be honest though, my wardrobe mainly consists of lingerie, that's where all my money goes, I can't resist a pretty set.

What was it like to work with Dekker on this shoot? It was really good, it's always a winner when everyone instantly gets along. My friend Lesley was there too, so that was fun, we have far too much energy when we pair up, so many giggles!

What was your favourite part of the shoot? When James and Lesley cooked dinner for us whilst I sat and had a little rest haha thanks guys!

Outside of modelling, do you have any other passions? I love travelling, I wish I could travel more! I'm really passionate about self improvement, I think it's important to always teach yourself something new. But besides that, I've started watching The Walking Dead, I'm on season 3 already, does that count as a passion?!

So how can a guy impress you? Humour! Someone who will be silly with me!

What is the naughtiest thing you do? I play a lot of pranks. I like to wind people up so watch out..

Do you have any tattoos or piercings? Not so much piercings... my ears and septum are pierced, although I never wear anything in them, but tattoos yes!

Are you a high heels or trainers girl? Trainers all the way, I have no patience for heels!

Who would be your ideal housemate? Do they have to be human? Can I have a dog?

Beards - Yes or No? Eh, I'm not bothered, if it suits you then sure.

What's the worst idea you have ever had? Oh I come up with stupid ideas all the time, I stayed up 24 hours once watching movies and what not, then had to go straight to work the following night, it was terrible I'll tell you that!!

If you could, what would you like to un-see? Absolutely nothing, I'm nosey, I want to see it all!

Finally, is there anything you would like to say to the Elite readers? Bummer, I have no interesting news.. It's my 21st at the end of October though guys! I'm excited for that!! That is all :)

BOOBS

Photographer: Tripodski | Words: Neale McGeever

Hi Annalieza, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry: Well to be honest I have no idea haha. I used to hang out at nearly every tattoo convention as ink is clearly my 'thing' haha and photographers there started taking pictures and I liked the outcome - I've been in the industry as a senior body piercer for a long time so I'm here to stay regardless.

How would you describe your style? I don't really have any, I dress how I like and have little or no fashion sense, I'd probably say I'm more goth/rocker type studs and chains than pretty girly etc - natural bad girl I guess ;-)

What was it like to work with the photographer on this shoot? The whole shoot was a barrel of laughs, nice and comfortable and a large amount of sausage rolls from Greggs. Overall the outcome so far is that I'm real pleased.

What was your favourite part of the shoot? The cheesy 80's rock karaoke? Haha oh and the finding of my now favoritist (yes I made that word up) top - the batman crop top!

Outside of modelling, do you have any other passions? My cats - yep I'm a crazy cat lady to two gorgeous ragdoll cats, Mash and Bane. I'm also a dragon that breathes fire with the awesome group CHAOS DOLLS - go check them out!

So how can a guy impress you? Be himself, I hate when someone tries to hard. Just relax, don't panic and humour me up cause I'm joker myself and I likes me some giggles.

What is the naughtiest thing you do? I eat cheese before bed! Haha jokes - Erm I am also a professional dominatrix so I guess that's kinda naughty?

What's a guaranteed turn on for you? Don't laugh... I'm old fashioned and 'stability' turns me on. I also love strong character and tattoos of course.

Are you a high heels or trainers girl? High heels, I rarely wear trainers... only for the gym, when I actually go.

BOOBS

Who would be your ideal housemate? My Chaos Doll Terri Altılar she's like mother hen :-) x

Beards - Yes or No? Depends, I like me some stubble but really not a fan of a full beard - they itch!

What's the worst idea you have ever had? I have these every single day of my life, joys of being a goon but it's all good. Learn by mistakes and all that :-D

If you could, what would you like to un-see? Oh you guys are mean with these, I nearly wrote what I was thinking but that's a really bad move. So pass haha.

Finally, is there anything you would like to say to the Elite readers? Thank you for any and all support, I'm not just saying it because I have to, I genuinely mean it - this is all new and fun to me so I appreciate sharing my fun with whoever follows. Never a dull moment with me I like to think xx

BEX CISION

Hi Bex, welcome to Elite! Tell us a bit about yourself, where you're from and how you got started in the industry: Born and bred in Liverpool - although I still don't have much of an accent! I love the dark and unusual things in life, and have a bit of a thing for blood. My thoughts mostly consist of blood, guts and Mexican food. I originally started modelling for fun after a drunken promise with my friend. One thing led to another and here I am!

How would you describe your style? Massive scruff! Most definitely. Although I do try and look respectable-ish when the time calls.

What was it like to work with the photographer on this shoot? Nick Price was brilliant and great fun to work with. He even offered me tea and biscuits! What a gentleman!

What was your favourite part of the shoot? Dressing up! It was fun to play kitty for a few hours.

Outside of modelling, do you have any other passions? Is it sad that all I do is eat, sleep and masturbate? Remind me to get a hobby!

So how can a guy impress you?

I'm a sucker for a comedian, any girl or guy that has me laughing is a keeper.

What is the naughtiest thing you do?

I think I'm quite well behaved! Although if you invite me around to your house I'll probably eat all your food.

What's a guaranteed turn on for you?

I'm a bit of a submissive, so I like someone who can take charge.

Do you have any tattoos or piercings?

I have quite a few tattoos, I'm currently working on a House of 1000 Corpses side piece with Craig Garner which I can't wait to finish.

Are you a high heels or trainers girl?

Anything that doesn't make me want to cut my feet off after 10 minutes.

Who would be your ideal housemate?

Anyone who wouldn't judge me for pigging out in my undies whilst bingeing on Netflix.

Beards - Yes or No?

Definitely yes!

What's the worst idea you have ever had? Getting my nipple pierced wasn't the best choice I've ever made. Well, maybe it wasn't the worst idea, but definitely the most painful!

If you could, what would you like to un-see? A lot of people are using social media to spread the awareness of animal cruelty, and while this is great and all, some of the images that I've seen are beyond shocking. To see something so vile done to a harmless, innocent living being is unforgettable.

Finally, is there anything you would like to say to the Elite readers? I hope to see you again soon!

ROUGE
DANGEROUSLY HOT!

Hi Rouge, welcome to Elite! Tell us how would you describe your style? If Harley Quinn had access to Primark, that'd be me.

What was it like to work with the photographer on this shoot? An absolute delight. I disagree with his views on short bread but was willing to overlook that due to his skill.

What was your favourite part of the shoot? It's always fun getting a bit of leather on the go but I'm going to have to be a cop out and say I enjoyed all of it really.

Outside of modelling, do you have any other passions? I'm currently studying Clinical Psychology at University which is the study of mental health. Always been into that. When Summer rocks up I also do Medieval Reenactment around the country. I can do basic sword fighting and I'm pretty adept with a longbow now. Nothing beats running around a creepy castle dressed as some 15th century wench. I also dabble in cosplay on occasion.

So how can a guy impress you? Well I'm already in a committed relationship currently; my husband lives in RIFTEN so it's long distance (cheeky Skyrim joke tehe) but if that doesn't work and he gets eaten by a dragon like the last one, I tend to go for smart, funny guys. Tend to like the alpha of the pack because I'm quite a handful.

YOU DO? PROBABLY MY SECOND
JOB. INVOLVES HIGH HEELS, A
POLE AND LINGERIE.**

BOOBS

What's a guaranteed turn on for you? Hip-v. Makes me dribble.

Are you a high heels or trainers girl? High heels. I don't own any trainers but under my bed is high heel central. I need them just to be seen.

Who would be your ideal housemate? Stephen Fry. I would love to stay up until the early hours picking his brain.

Beards - Yes or No? I'm undecided. I think it's a case by case basis.

What's the worst idea you have ever had? Any drunk decision is usually a poor one. I have too many to expand on purely one.

If you could, what would you like to un-see? Specialfriedrice.net, vom.

Finally, is there anything you would like to say to the Elite readers? What's red and bad for your teeth? A brick.
